An ambitious MBA student specializing in Human Resource Management, with a strong focus on talent acquisition, employee engagement, and HR operations. I am eager to apply my academic knowledge and gain hands-on experience to support dynamic HR teams. Skilled in problem-solving, conflict resolution, and working with diverse teams. Looking forward to contributing to innovative HR practices while learning and growing in a professional environment.

EDUCATION

MBA (Human Resource Management) | School Of Open Learning , Delhi University (DU-SOL) 2024 – 2026

- Gained a foundational understanding of core HR functions including recruitment, training, and performance appraisal.
- Studied **Organizational Behavior** and employee motivation techniques to foster a productive workplace.
- Practiced effective **business communication** and interpersonal skills for workplace collaboration.
- Acquired analytical skills through coursework in **HR Metrics** and basic **HR Analytics** tools.
- Understood the importance of employer branding, diversity, and employee engagement.

Bachelor of Arts (General) | BIR Tikendrajit University 2020 – 2023

- Studied core subjects including Political Science, History, and English, building a strong foundation in social sciences and humanities.
- Developed critical thinking and analytical skills through discussions, essays, and project work.
- Learned the fundamentals of human behavior, society, and communication—skills relevant to HR functions.
- Gained confidence in public speaking and presentation through seminars and group activities.
- Completed coursework with consistent academic performance and time management.
