Education

Bachelor of Science in Marine Engineering. 2009-2014

Birla Institute of Technology and Science Pilani - Second Division
Tolani Maritime Institute,
Pune India.

Higher Secondary School 2007-2009

Goa board- First class
Fr. Agnel M. Higher Secondary School,
Verna-Goa India.

Secondary School 2007

Goa Board-First Class
Holy Spirit Institue,
Margao-Goa India.

Skills

- Troubleshooting
- Maintenance and repair management
- Safety drills
- Marine machinery operation
- Marine Safety Regulations
- Environmental Compliance
- Log updates
- Emergency response training
- Safety Planning

About Me

Seasoned Assistant Second Marine-engineer Officer with a proven track record at Anglo Eastern Ship Management, specializing in marine equipment maintenance, emergency response training, troubleshooting skills and a commitment to environmental compliance.

Experience

Assistant Second Engineer Anglo Eastern Ship Management

2019- current status

After gathering the experience and knowledge required, I was promoted as 3rd Eng Officer on bulk carriers of Saga fleet, until I switched to Gas carriers in march 2022, where I had the opportunity to work as 3/E as well as Gas Engineer.

- Maintained generators, emergency generators, auxiliary boilers, air compressors, sewage treatment plant and other aux machineries.
- Maintained gas reliquification plant on LPG carriers and other related systems, loading and unloading of liquid cargo
- Maintained a safe working environment for all personnel through strict adherence to safety protocols and procedures during daily operations of engineering equipment on board the vessel.
- Reduced operational costs through effective management of spare parts inventory on board the vessel.
- Optimized fuel consumption through regular monitoring and adjusting of propulsion systems and auxiliary equipment.
- Managed emergency situations effectively by leading damage control efforts in case of fire, flooding, or other critical incidents on board the vessel.
- Streamlined maintenance processes by implementing thorough documentation and record-keeping practices for all equipment inspections and repairs.
- Supported safe navigation by maintaining essential equipment such as steering gear, deck cranes, and firefighting system.

Assistant Third Engineer Anglo Eastern Ship Management

2017-2019

After obtaining MEO CLASS 4 COC, I was promoted as Assistant Third Engineer (4th Eng) on Bulk carriers in Saga fleet.

- Maintained lubricating oil and fuel oil purifiers, main air compressors, pumps.
- Assisted Chief Engineer in critical operations like bunkering.
- Performed routine checks, repairs, and overhauls of the machinery, and reported any problems or defects to the senior engineers.
- Kept records of overhaul, running hours and breakdown of machineries under my charge.
- Collaborated with fellow Engineers to troubleshoot complex mechanical issues promptly and effectively.
- Provided support during vessel inspections by ensuring all equipment was in compliance with regulatory requirements and presenting documentation as needed.
- Participated in drills and training exercises to improve overall crew preparedness for emergencies at sea.
- Actively engaged in continuous learning through attending relevant training courses, seminars, and workshops.

Junior Marine Engineer Anglo Eastern Ship Management

2015 - 2017

Having completed Marine Engineering, I joined Anglo Eastern Ship Management and boarded my first vessel as Junior Marine Engineer in Feb 2015.

- Provided general, entry-level support to the engineering department.
- Actively engaged in continuous learning through attending relevant training courses, seminars, and workshops.
- Assisted seniors and completed assignments of TAR Book (Training and Assessment Record book).
- I have assisted in overall of auxiliary machinery as well as main engine routine overalls under constant supervision and guidance of my Senior Engineers.
- Learnt basic operations on board a ship like sounding, transferring oil or sludge, run incinerator, garbage management.
